

# CHAIRS/BENCHES

valid from 01.06.2022

**GWINNER**  
S - D E S I G N

## Product information and quality features: Gwinner chair collection

### **Lena** with and without armrests, cantilever.

- Stainless steel or black powder-coated base as a flat-pipe cantilever.
- Leather or fabric covers as per the current samples.
- Wooden backs to match the Gwinner
- For the available finishes, see pages 8 and 9.

### **Jule** with and without armrests, four-legged or cantilever.

- Stainless steel or black powder-coated base.
- Square pipe available as a four-legged chair or cantilever.
- Leather or fabric covers as per the current samples.
- Comfort seat with woven seat platform.
- For the available finishes, see page 10.

### **Ruby** with and without armrests, four-legged chair.

- Stainless steel or black powder-coated base.
- Square pipe available as a four-legged chair.
- Leather or fabric covers as per the current samples.
- Comfort seat with woven seat platform.
- Modern longitudinal stitching.
- For the available finishes, see page 11.

### **Carola** with and without armrests, four-legged or cantilever.

- Stainless steel or black powder-coated base.
- Oval pipe available as a four-legged chair or cantilever.
- Comfort seat with woven seat platform.
- Leather or fabric covers as per the current samples.
- For the available finishes, see page 12.

### **Nina** with and without armrests, cantilever.

- Stainless steel or black powder-coated base.
- Flat pipe available as a cantilever.
- Leather or fabric covers as per the current samples.
- Plywood seat with foam layer.
- For the available finishes, see page 13.

### **Kaia** with and without armrests.

- Stainless steel or black base.
- Angled leg with comfort function, round pipe.
- Leather or fabric covers as per the current samples.
- Plywood seat and back with foam layer.
- The seat shell rocks comfortably.
- For the available finishes, see page 14.

## Product information and quality features: Gwinner chair collection

### **Aria** with and without rotating function.

- Stainless steel or black powder-coated four-legged base.
- Leather or fabric covers as per the current samples.
- Plywood seat with foam layer.
- With and without rotating function.
- For the available finishes, see page 14.

### **Anna**

- Stainless steel, black or anthracite base.
- Angled legs, round pipe.
- Leather or fabric covers as per the current samples.
- Plywood seat and back with foam layer.
- For the available finishes, see page 15.

### **Bella**

- Stainless steel or black base.
- Angled legs, round pipe.
- Leather or fabric covers as per the current samples.
- Plywood seat and back with foam layer.
- The back rocks comfortably.
- For the available finishes, see page 15.

### **Ina**

- Stainless steel or black base.
- Angled legs, round pipe.
- Leather or fabric covers as per the current samples.
- Plywood seat and back with foam layer.
- The back rocks comfortably; features a wooden back.
- For the available finishes, see page 15.

### **Mila** with and without rotating function. **NEW**

- Stainless steel or black powder-coated four-legged base.
- Leather or fabric covers as per the current samples.
- With and without rotating function.
- Plywood seat and back with foam layer, neutral or with wooden back.
- For the available finishes, see pages 16 and 17.

### **Mila** **NEW**

- Stainless steel or black base.
- Angled leg with comfort function, round pipe.
- Leather or fabric covers as per the current samples.
- Plywood seat and back with foam layer, neutral or with wooden back.
- The seat shell rocks comfortably.
- For the available finishes, see page 18.

## Product information and quality features: Gwinner chair collection

### Lina

- Solid wood base.
- Leather or fabric covers as per the current samples.
- Plywood seat with foam layer.
- Wooden backs to match the Gwinner
- For the available finishes, see page 19.

### Alina

- Solid wood base, four-legged.
- Leather or fabric covers as per the current samples.
- Plywood seat with foam layer.
- For the available finishes, see page 19.

### Susann

- Solid wood base, four-legged.
- Leather or fabric covers as per the current samples.
- Plywood seat with foam layer.
- For the available finishes, see page 19.

## Planning information:

- The colour and structure of the wooden components are coordinated to match the Gwinner living and dining furniture range.
- The wooden bases are manufactured from solid wood in the specified wood finishes (no wood substitutes used).
- All chairs are supplied with plastic pads as standard. Felt pads designed for more delicate flooring are also supplied and can be replaced on-site.
- Worn plastic and felt pads can be reordered at extra cost.
- The chairs have a load-bearing capacity of up to 120 kg.
- **Maine fabric**  
Since it is a high-pile upholstery fabric, seams and crossovers may appear uneven due to the nature of the fabric. However, these specific material properties are unavoidable and do not justify a complaint.

<b>Prices for replacement pads:</b>		<b>When ordering, please state for which chair pads are needed.</b>
<b>Plastic pad</b> set for 4 chairs = 16 pieces		
<b>Plastic pad</b> set for 6 chairs = 24 pieces		
<b>Felt pad</b> set for 4 chairs = 16 pieces		
<b>Felt pad</b> set for 6 chairs = 24 pieces		

## Product information and quality features: Gwinner bench collection

### **Milan** as a straight bench. **NEW**

- Four-legged base in stainless steel or black.
- Leather or fabric covers as per the current samples.
- Different sizes of 150-210 cm.
- Woven suspension with foam pad.
- For the available finishes, see page 20.

### **Madrid** as a straight or curved bench.

- Four-legged base in solid natural oak.
- Leather or fabric covers as per the current samples.
- Different sizes of 190-210 cm.
- Plywood seat with foam layer.
- For the available finishes, see page 21.

### **Bern** as a straight bench.

- Base on runners in stainless steel or black.
- Leather or fabric covers as per the current samples.
- Different sizes from 170-210 cm.
- Seat surround, back connecting piece and runner inlay in solid natural oak.
- For the available finishes, see pages 22 and 23.

## Planning information:

- The colour and structure of the wooden components are coordinated to match the Gwinner living and dining furniture range.
- The wooden bases are manufactured from solid wood in the specified wood finishes (no wood substitutes used).

## Product information and quality features: leather

The **Toledo** leather used is a coated leather.

Coated leather is manufactured using complex refinement techniques. By polishing the surface of the leather, any irregularities are smoothed out and can no longer be seen. Thanks to the coating pigmentation, we are able to produce a regular surface in a beautiful, even colour. The natural structure is largely removed by the polishing and dyeing processes but it can be re-embossed to create a natural look. In doing so, the natural characteristics that are found in the structure of the leather are left partially visible. Coated leather is generally hard-wearing, easy-care, and above all, dirt- and water-repellent. In addition to being hard-wearing, the coating also reduces the leather's sensitivity to sunlight.

### Cleaning and care instructions:

- Regularly dust the leather with a soft cloth. Avoid rubbing the leather vigorously.
- Never clean in small areas, but rather clean and care for the leather from stitch to stitch.
- Never pour cleaning or care products directly onto the leather. Instead, use a cloth or sponge to apply the product carefully.
- First clean the leather, then care for it: You should use important caring and moisturising substances so that your leather remains beautiful for many years. However, these substances can only be absorbed if there is no dust on the surface.
- Depending on use, leather furniture should be cleaned and cared for once or twice a year, e.g. before and after the summer months when the heating is not on.
- Never use microfibre cloths to clean leather – they may damage the surface. Only use soft, lint-free natural-fibre cloths.
- When cleaning, only use filtered water where possible as this reduces lime residue.
- Carefully mop up spills as soon as possible. When doing so, always clear up spills starting from the outside working inwards.
- After cleaning, allow the surface to dry properly before applying care products.
- We recommend using **LCK** products to clean and care for your fabrics. For more information, see [www.gwinner.moebelpflegeshop.de](http://www.gwinner.moebelpflegeshop.de)

The **Dakar Classic** leather used is an untreated buffalo leather.

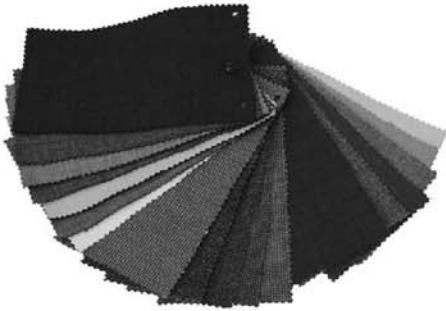

Aniline and untreated leathers are the most delicate and exclusive leather types. Each piece is unique and is used as it would be found naturally – with individual graining. Only certain protective measures are applied to aniline leathers. The leather is very warm and soft to the touch – its open porosity means the temperature balances quickly after touching it. The leather is very breathable.

### Cleaning and care instructions:

- Regularly dust the leather with a soft cloth. Avoid rubbing the leather vigorously.
- Never clean in small areas, but rather clean and care for the leather from stitch to stitch.
- Never pour cleaning or care products directly onto the leather. Instead, use a cloth or sponge to apply the product carefully.
- First clean the leather, then care for it: You should use important caring and moisturising substances so that your leather remains beautiful for many years. However, these substances can only be absorbed if there is no dust on the surface.
- Depending on use, leather furniture should be cleaned and cared for once or twice a year, e.g. before and after the summer months when the heating is not on.
- Never use microfibre cloths to clean leather – they may damage the surface. Only use soft, lint-free natural-fibre cloths.
- Colour-intensive clothing, such as a jeans, may dye the leather.
- We recommend using **LCK** products to clean and care for your fabrics. For more information, see [www.gwinner.moebelpflegeshop.de](http://www.gwinner.moebelpflegeshop.de)

## Product information and quality features: fabrics

### Technical characteristics

<b>Fabrics price group 1:</b>	<b>Martindale test rubs:</b>	<b>Pilling test:</b>	<b>Lightfastness:</b>
Dakota <b>NEW</b>	100,000	4-5	5
<b>Fabrics price group 2:</b>			
Montana	45,000	4-5	4-5
Maine	25,000	4-5	5-6

### Cleaning and care instructions:

Always use a clean cloth and clean the fabric in a circular motion. Do not let the fabric become too wet.

Avoid exposure to direct sunlight as the fabrics may fade.

Do not use any impregnating agents, bleaching agents or similar chemical substances.

Our fabrics are almost pilling-free. However, if pills should form after extended use, they can be removed using a commercially available lint shaver.

We recommend using **LCK** products to clean and care for your fabrics. For more information, see [www.gwinner.moebelpflegeshop.de](http://www.gwinner.moebelpflegeshop.de)
